Hello Fellow Lions, Lioness and Leo's,

Let me tell you about some Lions on a little tour aboard the **SS WE SERVE..** Monday, Oct. 12th, Glasgow Lions received an e-mail from Leo Chong from Malaysia needing help. He is going to college in Glasgow, England. I looked up the District for England and passed that information to King Lion Tommy Lu. Lion Tommy contacted CC Simon Moss and he started a plan in motion with all the District Governors. By 11pm our time, they had found Leo Chong accommodations close to the college. It is amazing to see how Glasgow of 22-D and Glasgow, England worked together with our motto "**We Serve.**" Oh, by the way, in the end it turned out to actually be Glasgow, Scotland!

Cabinet Treasurer John Burriss and I drove to the USA/Canada Forum in Grand Rapids, Michigan. It was nice to see so many 22-D Lions. The forum was packed with really great seminars. I think we met every officer from International.

I love the visitations to the clubs. It gives me the opportunity to see all my friends because you are like family. Each visitation has had something fun at the end of each meeting.

Wherever I go, I always talk up Leo's because I believe in the program. On September 27th, the Leo chairperson (PCC Keith Hinkle) organized the Fourth Leo's Leadership Training. There are seven Leo Clubs in our district, and there were five clubs represented at the Bash. We also had a lot of volunteers from many Lions clubs. Remember, these young people are our future Lions members.

As the last statement of every district bulletin I plan on reporting our membership. The current number for the district is 1,241 members. It is up to us to turn this decline around. **We all need to make it our personal obligation to increase membership. The district needs your help!**

Thanks for letting me serve this great organization.

Yours in Lionism,

District Governor
James R. Coverdale

From Our Vice District Governors

The Power of Service to Others

Fellow Lions,

I hope everyone has been enjoying the start of fall and Delaware's fine weather.

I attended the USA/Canada Leadership Forum held this year September 17-19 in Grand Rapids, Michigan. This forum provides a large variety of seminars for leadership for Lions. In addition to the seminars I enjoyed the opportunity to meet other Lions and have the chance to discuss issues that affect them, many of which are similar to us here in 22D. Our USA/Canada Forum Chairperson for the District this year is Lion Cheri Bragg of Frederica Spring Creek Lions Club. Lion Cheri would be glad to update you on next year's forum which will be held in Omaha, Nebraska.

As I mentioned last month in my comments, DG Jim has asked me to address membership. In the club visits that we have completed to date we are hearing positive feedback about establishing a membership plan, this can only make us better. I have also had the honor to install new members at some of DG Jim's visits. While new membership growth is important we all have to make a concerted effort to retain our Lions in our clubs. The more we do to enhance our clubs from within, the stronger we will be going forward. LCI offers a large assortment of ideas that will help. Please check the LCI website - Resources. All of our clubs have a membership chair person to monitor how you are doing-In no way should this responsibility fall solely on this one person. We are all responsible for recruitment and member satisfaction.

Please ask one.

Moving Forward to Score

Hello Lions, Lioness and Leos:

Time is moving very fast! It feels like we just started and here it is already October! At this time, we have visited seven clubs and have had a wonderful experience at each one. The visits have been especially unique since each club has had some type of entertainment for the Governor and his cabinet. We are so thankful to have had the opportunity to share in the joyous experience that each club has bestowed upon us.

We attended the 22-W Social on October 3rd and 4th. It was in honor of DG Bob Mitchell and his wife Michelle. We had a great turn out from District 22-D. We were able to connect with many people from the Multiple District.

While attending the Lord Baltimore Club, we were informed that over 12,021 car raffle tickets had been sold this year. Congratulations on a great job!

Keep Moving Forward!

Blessing in Lions,

2ndVDG Charles Taylor

Lions Clubs International
FOUNDATION

OUR FOUNDATION

Dear Lions,

On a recent trip to Peru, Brazil and Belize, I had the honor of seeing many Lions and Leos in action. And they are doing great work!

With help from a Lions Clubs International (LCIF) seed grant, Leos near Lima are spearheading an effort to provide safety, rehabilitation, job training and hope to young victims of human trafficking and their babies. Lions Quest, LCIF's social-emotional learning program for children, is active in 30 schools in Peru!

I visited an eye bank in Caxias do Sul, Brazil, that LCIF and Lions have supported for many years. When I visited an eye hospital in Passo Fundo, Brazil, some children even surprised me with a song.

I am so proud of all the great work Lions around the world are doing each and every day. Remember to share your clubs' great work so Lions know about the service you are providing in your community.

Sincerely,

Joe Preston

Chairperson, Lions Clubs International Foundation

Syrian Refugee Situation

An international refugee crisis is unfolding before our eyes. Hundreds of thousands of men, women and children from Syria and parts of Iraq flee violence in their homeland, seeking safety in Europe. International aid organizations have responded. Along with federal governments, agencies such as United Nations High Commissioner for Refugees (UNHCR) is taking the lead, setting up refugee camps and organizing aid and support.

- Lions Clubs International is providing assistance as well. Lions Clubs International Foundation has provided grants to support refugee camps in Jordan and Lebanon.
- At the 2015 International Convention in Honolulu, we honored Save The Children with our Humanitarian Award, providing US\$250,000 specifically for refugee camps inside Syria.
- International President Yamada has challenged Lions in all countries that have taken in refugees to contact their local and federal government to offer assistance.
- IP Yamada has also challenged Lions in other nations to contact Lions in the countries hosting refugees. There may be opportunities to provide support through international joint service projects.
- Lions Clubs International Foundation is accepting donations to a designated fund. Consideration will be given to grant applications for Lions-led relief efforts in affected areas.

A solution to the Syrian refugee situation falls upon governments around the world to solve through diplomatic measures and mutual cooperation.

Until a solution is found, our concern should be focused on the displaced refugees and how we, as Lions, can help provide basic necessities and bring dignity to those in need.

October Canine Development Center Update

Every day there are more items to mark ‘complete’ on the interior of the building. The puppy area is closest to completion—all the garage doors leading to the outside play areas are in and working, feeding stations have been installed and all that is left to do is put up signage. The breeding areas are also near completion and equipment is being installed in the veterinary clinic.

Attached you will find a picture of the Lobby. Please note the “Puppy Aquarium” on the near right. We are all anxiously awaiting this unique puppy viewing opportunity for Campus visitors.

Decorative metal fencing still needs to be installed in the garage door openings in the breeding and village areas so the dogs can enjoy fresh air while staying safely inside. We are working to balance the air exchange and HVAC systems along with finishing some small details. Once construction of a small brick patio on the west side of the building is complete, all that is left to finish the exterior is fencing around the outdoor puppy pens.

Leader Dog was the star attraction at USA/Canada. There was great interest in our booth, the Leader Dog Experience featuring over 100 blindfold walks, CEO Lion Sue Daniels presentation at lunch and Chief Programs and Services Officer Rod Haneline’s breakout session.

We have hit the milestone of “\$1 million to go” as a total of \$13.5 million dollars has been raised to date. We continue to hear from Clubs stepping up to Lead Club status with a \$7500 pledge to name a Canine Suite. Most of these Clubs were not even on our radar for a gift that significant. Lions are in the unique position to put this campaign over the top. Thank you for all you have done and all you continue to do to make this incredible dream a reality.

Important Notice!

The Rehoboth Beach Lions Club will not be meeting in November.

The reason is that so many clubs meet on Wednesday night, this will give our members that have signed up to visit these clubs a chance to go without missing our own regular club meeting.

We Serve – More than just a commitment to the community.

When you joined your Lions Club, hopefully it was to serve your community. Most Lions do a great job of that! We work on service projects to provide assistance and help out at the fundraisers that are needed to provide the funds for our various service programs. Where we often fail is serving our clubs, our zones, our regions, and our district. It takes leaders to organize fundraisers and work projects, they don't just happen.

Too often Lions want to just be workers and not “leaders”. Fellow Lions, leaders are just another form of worker. Your club, zone, region and district need you to take on additional challenges and assist us to move forward and grow with the times.

We all have many demands on our time. Work, family, church, and other activities make our days full. A wise man once said, “If you want something done, give it to a busy person”. The reason is that they find ways to juggle their schedule to make all the pieces fit and view each challenge as an opportunity to learn and grow.

There is no job in Lions that any member cannot do. Remember, you are not alone! Other Lions will be there to provide whatever assistance is needed, no matter what job you take on. Leadership training for new Lion leaders can be done in several ways: on-line at LCI, in person at the Multiple District or District training sessions, or privately with an experience Lion.

Taking on a new job in your club, zone, region, or district is a learning opportunity for you. Many of us fear failure or embarrassing ourselves but taking the chance to grow in confidence and ability is well worth any minimal risk you might encounter. There are many training opportunities available to assist you grow. The close ones are the District Officers Training Event held in the spring, the District Roaring Lions public speaking course, the Multiple District Regional Lions Leadership Institute held in late winter, seminars held at the MD-22 Convention in the spring, and DG school and personal leisurely review of P&P. Both offer a wealth of info on how the District works. Online training is available from LCI and offers courses on a wide variety of topics. If you can travel, the USA/Canada Lions Leadership Forum in the early fall offers a wide variety of seminars on Leadership and Club management and improvement. Another option are the seminars at the International Convention held in the summer. The training is available in any form you choose.

If you want to take on an office or job in your club, let your president know. Volunteer to become a committee member and then volunteer to chair that same committee. Tell the nominating committee that you are interested in serving as a director. Then volunteer to run for a vice presidential role and work your way up to president. Build a team to work with and you will not be alone.

As you are serving as club president, let the 1st VDG know you would like to be a zone chair and the next year a region chair. Ask to serve on the cabinet as a committee chair and gain more experience. Then it is time to run for 2nd VDG. Don't be afraid if there is competition, it's good for the district and sparks attendance at the convention. Once you are elected, it is a learning path to DG with lots of training opportunities along the way to teach you what you do not yet know. In addition, there are many people who have been there and done that who are willing to advise and guide you. Again, you will not be alone.

Too often Lions growl about PDGs running everything but that is because Lions do not step up and ask to serve on the cabinet as zone, region, or committee chairs. If you want to serve, volunteer! Not just for club activities but for zone, region, and district jobs too.

If you have any questions about job duties, ask any PDG for detailed information. The Honorary Committee, made of Past District Governors, is often forced to do too much when other Lions don't step as future leaders. If you want to serve, just volunteer not just at your club level but also at the district level. They practice **We Serve** too.

The 4th Annual Leo Leadership Retreat was held Sunday afternoon, September 26, at Camp Barnes. Approximately 40 Leos representing five Leo Clubs in District 22D participated in a series of team building competitions and they had a number of other opportunities for exchanging ideas and sharing "Best Practices".

District Governor James Coverdale thanked the LEO leaders for attending and contributing so much in their service work as LEOS. He encouraged them to continue their work through participation in campus clubs as they attend college. It was a fun day meeting these fine young people.
