Fellow Lions, Lioness, Leo's:

I'd like to give a big thank you to the Milton Lions Club for hosting the Banner Transfer. I think our IPP John Rees did a great job with just the right amount of humor and kept the meeting on time. It was great to see 30 lions clubs, 1 lioness club, and over 180 lions for fellowship and fun. The magic word is Fun.

By the time you read this bulletin, the 1st Cabinet Meeting will have been held at the Farmington Fire Hall. I had the opportunity to introduce this year's Cabinet officers, the Region and Zone chairs. I really enjoyed the 1st cabinet meeting with all the covered dishes, homemade desserts and fellowship.

If you haven't signed up for the USA/Canada Forum, you still have time. It provides excellent Leadership Training and usually gives the district delegation an opportunity to meet the international family. Lion Cheri Bragg is our Chairperson— see her for more information.

As the last statement in every district bulletin, I plan on reporting our accrued membership. The current number for the District is 1,241 members. It is up to us to turn this decline around. **We all need to make it our personal obligation to increase membership. The district needs your help!**

I am looking forward to seeing all of you during visitations this year.

Yours in Lionism,
DG James Coverdale

From Our Vice District Governors

The Power of Service to Others

The Banner Transfer held on July 21 at the Modern Maturity Center highlighted the unity of the clubs from 22D. It was a very enjoyable evening. Let's all support our District Governor James Coverdale.

On August 7 Lion Gail and I visited the Leader Dogs for the Blind campus in Rochester Hills, Michigan. We toured the new canine development center. 22D was recognized for 100% of its clubs making a donation this past Lions Year. It was heartwarming to see how our support is being managed.

Leader Dogs for the Blind was founded by three Lions in 1939. They had a vision and a plan, 76 years later that vision has expanded into one of the leading service dog breeding and training facilities in the world.

As I travel with DG Jim this year, I will be speaking with each club on how we can increase our membership. As the three Lions in Michigan had a vision and a plan, each club in the district needs to have a plan to grow. Each membership chairperson needs to make a plan.

Let's make sure EVERYONE ASKS ONE.

FVDG Glenn Williams

Moving Forward to Score

Hello Lions, Lioness and Leo's:

This month was a little slow, but now is the time we start working. Our primary focus needs to be on increasing our membership which will aid in developing a strong *district* again. Membership has decreased below our set limit, so we need to get the word out to bring in new members.

In July, we had our Turnover meeting which was very nice. I was pleased to see a significant presence at both our Banner Transfer in July and First Cabinet Meeting last week. It would be wonderful to see such a great turnout at all meetings.

I hope everyone has had a very nice summer. Please feel free to share any significant events with me. I hope to see all of you shortly and at the PSTM meeting.

Blessings to All!

Yours in Lionism,

2VDG Charles Taylor

Banner Transfer

DG Jim and First Lady Brenda

The passing of the DG Banner from IPDG Cheryl to DG Jim.

Lion Barbara Spence received the International President's Award for her many years of dedication to Special Olympics.

About 180 Lions and Lioness from 30 clubs attended the Banner Transfer held on July 21 at the Dover Modern Maturity Center. After the opening ceremonies the Parade of Club Banners was held and they were placed on both sides of the podium. So many well deserved club and individual awards were distributed, there is not enough room to include them all here. (These are the awards normally given at the Multiple District Convention in May, but are now given at Banner Transfer to coincide with Lions Club International calendar year.)

Lions Clubs International FOUNDATION

The Lions Clubs International Foundation did some marvelous things last year in strengthening the local communities in which we live and improving the lives of others less fortunate around the world, especially in LCIF's response to the disaster that was caused by the earthquake in Nepal. This great LCIF work has only been possible by the generous contribution from Lions throughout the world including the Lions of District 22D.

Last year the Lions of District 22D donated \$25,804.59 to LCIF. While this did not quite reach our goal of \$30,000, District Governor Jim Coverdale and I have kept this year's LCIF goal of \$30,000. We are confident that we can get 100% of the our clubs to donate something to LCIF this year. Last year 86% of the clubs gave something to LCIF which is much higher than the total average of 46% of the Lions clubs worldwide that contribute to LCIF.

Our LOVRNET project is continuing to be put together since we are now in the second year of this three pilot project to bring needed services to the over 15,000 persons with Low Vision in our MD 22 service area. The four Lions Taskforces are working hard to make LOVRNET a reality. Remember we need more telephone interviewers and clubs to provide direct service to make this project a reality.

LOVRNET would not be possible without the over \$500,000 grant from LCIF, YOUR FOUNDATION.

INVOLVE A U. S. VETERAN

We are pleased to share that Lions Clubs International is extending the *Involve a U.S. Veteran* pilot program through **June 30, 2016**. This program waives the charter or entrance fee for U.S. Veterans joining a Lions club in the United States.

Eligible veterans include retired U.S. military personnel or honorably-discharged members of the Air Force, Army, Coast Guard Services, Marines, National Guard, Navy or Reserves. Those currently serving in the National Guard or Reserves are also eligible. Lions Clubs International will provide an entrance fee waiver of \$25 (\$30 for charter members) to qualified U.S. veterans that join a local Lions club.

Veterans have made so many great contributions and sacrificed so much to serve our country. As service members return home from serving in the military, let's offer them an opportunity to get involved in their communities.

Visit the ***Involve a U.S. Veteran*** web page to download a fact sheet, promotional flyer, certification form and a sample press release.

Make plans now to reach out to veterans in your community and offer them the opportunity to make a difference and change lives as Lions.

Sincerely,

Membership Development Division

Update from the Canine Redevelopment Project

What a difference a month makes! The interior of the building is looking more and more like a finished project. The floors, which are 40% complete, have inlaid paw prints throughout the building and they look great. The suites in the breeding area are going up and the walls are being painted. Since the floors in the puppy area are complete, the puppy pen doors will be installed soon.

The biggest change has been to the grounds on the outside of the building. The landscaping, lots of trees, grasses and bushes, is in and all curb work is complete. The first layer of the driveways and parking lot is complete and the top coat is going on before mid-August. This should reduce the dust and dirt we've all become accustomed to walking through. The operations team is getting excited as we move closer to once again having actual offices and clean, updated areas for our dogs.

We have moved past the \$13 million mark and are at \$13.3 million. We continue to engage Lions Clubs, foundations, corporations and individuals nationwide to raise the final \$1.2 million needed to achieve our \$14.5 million goal. In July we held a new promotion, the Dog Days of Summer, to engage local businesses to build awareness and raise funds for the new Canine Development Center. We had 50 businesses participate with some of them continuing the promotion through August.

Public Relations

Cruise to Service

Well, they kept me on as their mascot for another year! I am glad to be back in the Public Relations Section of the Bulletin. Last year the ideas about taking a new approach to our public relations were beneficial. We got many replies to the ideas; like improving our image by upgrading signs and being more visible. Areas like Facebook have increased, but there is room for more clubs to get on. Facebook is the most popular free website on the social network out there. You can put a Facebook logo on your Lions website that will take you to your Facebook page. The traditional idea of having photos of people getting awards for public relations is great, but not getting the message out. We need to be more innovative with ideas to reach our goal and increase membership. Like recently I saw an article in a lower Delaware news paper about the Delaware Rotary Clubs. The article is about how a local car dealer provided a car to the Rotary Club top officer to drive through out the year. To top that, a local sign company painted a large Rotary Logo and the clubs message to make people aware of their organization

Now that's a lot to "ROAR" about and a new idea for "Cruising to Service". We have to change our ideas to meet the mindset of a new generation. With all the Lions we have, there must be many ideas to meet our public relation needs .
