

BELIEVE IN THE POWER OF SERVICE

Glenn's Message

The past month has been very busy with visitations, charter celebrations and other Lions activities. Club visitations have been going very well. At the writing of this article we have visited 18 clubs. The reception has been fantastic. I have had the opportunity to induct many new members and that is one of the highlights of being District Governor. Each new member is giving their club the ability to serve 50 new people in their respective service areas. Continue to get the message out to people. Let everyone know "We Serve".

The 2nd Cabinet meeting was held on October 19, 2016. The attendance was excellent and the information given showed how strong and supportive this district is when there is a "Mountain to Climb". No challenge seems too great.

The annual Eye Bank presentation was held October 20, 2016. Our thanks to all who helped make the event so successful. The Eye Bank is another Lions operation that is giving people who are blind or visually impaired, the opportunity to see and experience a "sighted life".

I want to personally thank Lions Ed and Delores Springer for organizing the bus trip to the Leader Dog facility in Rochester Hills, Michigan. Our bus of 22D lions was joined by a bus from 22W, in total, approximately 100 Lions made the trip. I felt proud to be a Lion knowing how well our donations are being used in the raising, training and placing of service dogs with clients.

The Cabinet has not scheduled any visitations for the month of December since we feel it is important for each club to enjoy holiday time together as Lions and family. There will be 3 Visually Impaired parties in December. Region 1 will be December 10 at the Wilmington University auditorium, Region 2 will be held at the Harrington Moose Lodge on December 1 and the Region3 party will be held at the Laurel Fire Hall. The details for each of the events is included in this Newsletter. Be sure to support your Regional party. I look forward to seeing many of you as we celebrate this time of year with those that are visually impaired.

As we approach this holiday season First Lady Gail and I would like to wish all the Lions of 22D a very joyous season of reflections, Thanksgiving and wonderful time with family.

I'm thankful to be a Lion and **I Believe in the Power of Service.**

First Vice District Governor

Moving Forward to Score

Hello Fellow Lions, Lioness and Leos,

As we have turned the corner visiting our district clubs, the district cabinet has had a great time. As of November, we have visited 18 clubs. We have been given opportunities to meet new people, interact with fellow Lions and listen to new ideas.

Our second cabinet meeting was held on October 19, 2016 at Modern Maturity Center. There was a nice turn out of attendees. Reports were provided by our Region Chairs and Committee Chairs.

On October 20, 2016, Sight Night was held at Dover Downs. Our own PDG Dave Jones did a fantastic job of hosting the event. Our guest speaker was a young man who had eye surgery that changed his life; he was able to finally be able to see and pursue college studies. There were a great number of Lions at this event. Thank you for all those Lions in attendance!

On October 26, 2016, 47 individuals from District 22-D left for Rochester Hills, Michigan to visit Leader Dog. We rode for 12 hours on a bus to get there. We went to the Leader Dog facility on October 27th and were able to listen to speakers talk about what they do and how they aid individuals in preparation of interacting with and eventually taking home their working dogs. We toured the new facility and visited with the new puppies. We left that afternoon and traveled for three hours when we gathered together with 22-W. We all joined together to partake in a banquet that was really wonderful. The next day we came home. A big thank you to Lion Delores and RC Ed Springer for a great trip!

Greenwood held their 60th Anniversary party on November 5th. A lovely dinner was provided as well as a presentation and an auction followed. A great time was had by all. It would have been wonderful to see more Lions in attendance.

Our Visually Impaired party for Region II will be held on December 1, 2016 at The Harrington Moose. Region III will host their party on December 6, 2016 at Laurel Firehouse. Region I will hold their party on December 10, 2016 at Wilmington College Auditorium. Please try to attend at least one event.

The Governor's Ball is upstate this year at Cavaliers Country Club on December 3, 2016. Please come out to support our great DG Glenn Williams and First Lady Gail.

Thank you Lions, Lioness and Leos in the District for what you do to make us strong. Remember we all have to keep "moving forward to score."

Bless all of you in Lionism,
FVDG Charles Taylor

Second Vice District Governor

Having the Courage

Fellow Lions,

Wow! There are many lions from 22D that just returned from 22A's Social. All that were there had a wonderful time honoring District Governor Chuck Egender. His speaker for the night was Command Sergeant Major who spoke about all the veterans that have come before us. In the message, he was able to show how the military and the lions go together in serving the world to make it a better place to live.

After hearing this and knowing what great leaders we have with our own 22D, it makes me very proud to stand next to any lion and share the story of how well we serve.

But serving does come at a cost. The cost is that the district needs more people to step up and take a leader's role. There are many clubs that have had the same officers for many years. Yes, they do a good job, but isn't it time for someone else to step up into a new role?

The Multiple District has the Leadership Institute at Wor-Wic coming up in February, and any lion can attend. The courses are there to not only help you become a better lion, but to also enrich lions. It is what we, as lions do.

22D's Second Cabinet Meeting was held on Oct. 19, at MMC in Dover. DG Glenn informed us that our membership change is at 'O' right now and that is a good place to be. IPDG Jim (pictured on right) received a Certificate of Appreciation from IPP Dr. Yamato for his service last year.

Centennial News

Lions Club International challenged clubs to celebrate 100 years of service by planning a Community Legacy Project, and Delaware City Lions Club answered. In August, Delaware City Lions Club inquired with the town of Delaware City as to the possibility of donating a tree to the town (Delaware City Lions is a small club with a small budget, and it was felt that a donation of a tree was the best option for limited funds/ lasting impact). The town was receptive, due to the fact that several trees had been lost in one of the town parks over the previously harsh winter.

Delaware City Lions Club worked with The Cutting Edge of Delaware Lawn and Landscaping Services to select and plant the tree in Battery Park in October. A LCI plaque was also affixed near the base of the tree, signifying the donation by the local club. It is the club's hope that the tree and plaque symbolize our commitment to improving the environment, and are enjoyed for many years to come.

Dear Lions,

Sometimes, as Lions, we can get caught up in the moment. Sometimes it can be hard to imagine beyond today. Sometimes we might even get discouraged by the staggering amount of need and despair in the world.

As a medical doctor for more than 30 years, I have witnessed the heartbreak of families who have lost a loved one. The grief of family member is magnified when the individual is a child – their child. It happens every day around the world, regardless of wealth, gender or race. Lions Clubs International Foundation (LCIF) is stepping forward to find a breakthrough that will help secure a brighter tomorrow for all of us.

Recently I visited the Garvan Institute of Medical Research in Sydney, Australia. Our Foundation has awarded a US\$2 million [grant to support the Lions Kids Cancer Genome Project](#). Together with the Garvan Institute, the Australian Lions Children's Cancer Research Foundation and other partners, this pilot initiative will improve outcomes for hundreds of children with high-risk cancer through whole genome sequencing. This could eventually serve as model for the development of personalized cancer prevention and treatment.

The Lions Kids Cancer Genome Project is another way that LCIF is demonstrating its commitment to global health. Perhaps one day, we will eliminate deaths from childhood cancer. In order to realize that dream, we need everyone to [support our Foundation](#). No need is too large, and no gift is too small.

Thank you for your generous support of a brighter tomorrow.

Sincerely,

Dr. Jitsuhiro Yamada
Chairperson, Lions Clubs International Foundation

MORE MEMBERS MEANS MORE SERVICE!

We surpassed the 1.4 million member mark at the end of October thanks to Lions like you. It's a great accomplishment, and I want to thank you for working to make your club and your community stronger.

Reaching the 1.4 million mark early in the year puts us on a path to continue membership growth into 2017 and beyond. It also puts us in position to be the largest we've ever been, allowing us to serve more people than ever before.

The goal of our new strategic plan, LCI Forward, is to triple our service impact by serving 200 million people a year by 2021. More members means we can provide more service to those who need us most. Each member serves 70 people on average, so imagine how many more people we can help by inviting others to join us in service, and by keeping our current members as Lions.

To keep this momentum going and to help reach our service goals, I am asking every member to think about someone they know who shares our desire to help people and then ask them to join us in service.

Thank you again for helping us grow so we can serve even more people. Let's keep climbing new mountains together!

Very truly yours,
Chancellor Bob Corlew
Your International President

LEBDV SIGHT NIGHT

Approximately 175 Lions, Lionesses and guests representing 28 Clubs attended the annual Sight Night held at Dover Downs on October 20, 2016.

Featured speaker was Cameron Whittle, a high school senior, a cornea recipient who has just competed in the Handicapped Olympic Games. Having received the Gift of Sight Cameron will be able to go on to college in the Fall of 2017.

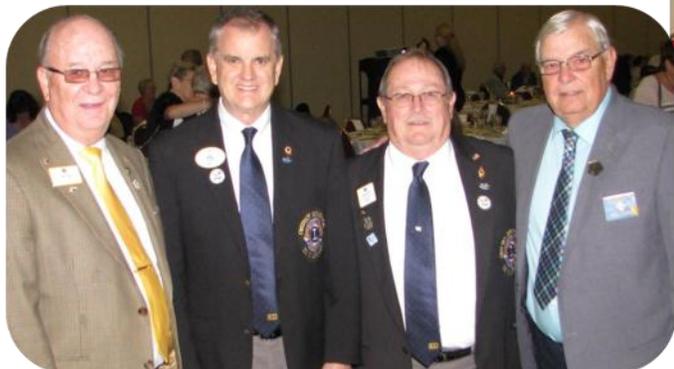

The attendees heard of the Eye Bank's greatest need, which is supplying gratis tissue for those individuals having no health insurance or who cannot afford to pay for the tissue themselves.

This is where your financial support makes the most impact. 13 Clubs presented their annual donations during the program. The Eye Bank sincerely thanks you for your gracious donations. We are asking all other Clubs to consider contributing to the Eye Bank to help in providing the wonderful Gift of Sight.

Please contact me if you would like an Eye Bank Program for your Club or would like to tour the Eye Bank which is located in the Gift of Life Building in Philadelphia.

LEADER DOG BUS TRIP (22D & 22W)

On October 27th we arrived at the Leader Dog Campus at 9:00A to a wonderful welcome from their staff. Our day was well planned and very informative; from the time a future Leader Dog is born until placed with a client. We experienced a tour of the kennel's, the client's dorms and being blindfolded and having a Leader Dog guide us. The group was broken up into smaller groups and were guided by different staff. After leaving the campus we drove three hours to our hotel for the night. A banquet was held for the 101 Lions who made the trip. This was a nice experience as both Districts shared their day. The comments were recorded and sent to Leader Dog as they always like to receive feedback. If you ever have the opportunity to visit you will be in for a real treat!
